GSA Alliant 2
Governmentwide Agency Contract (GWAC)

GSA’s premier enterprise GWAC provides flexible access to customized IT solutions from a large, diverse pool of 55 industry partners. Alliant 2 has a $50 billion program ceiling and a five-year base period with one, five-year option.

The Alliant 2 Advantage:
Government agencies can obtain a single source of integrated IT services and access to “best in class” private sector IT services. Alliant 2’s broad array of features and benefits include:

- Allows for long-term planning on large-scale programs
- Offers flexibility and supports all contract types (i.e., fixed price, cost reimbursement, labor hour, and time and materials)
- Adheres to precompeted and streamlined ordering procedures
- Accommodates federal guidelines regarding enterprise architecture and other IT compliance standards and protocols
- Requires Top Secret facility clearances for awardees

Scope of Work:
The scope of Alliant 2 includes any and all components of an integrated IT solution, including all current and any new technologies that may emerge during the life cycle of the basic contract. In addition, the scope of the basic contract includes information technology systems and services in support of National Security Systems, as defined in FAR 39.002. The four key scope areas include every conceivable aspect of IT Services:

- Infrastructure
- Application Services
- IT Management Services
- Ancillary Support
